Public input sought for VFW, Legion aquatic facilities

De Pere, Wis. – City of De Pere residents recently passed a referendum that may add up to \$900,000 per year to the Tax Levy for the purpose of constructing and operating two new aquatic facilities. As listed in the referendum, the two facilities will be located at VFW Park and Legion Park.

For those looking to provide input into the design of these facilities, there will be several opportunities to do so in the coming weeks.

First, there will be a public input forum hosted by the City of De Pere's Board of Park Commissioners on Monday, Jan. 7, beginning at 6 p.m. in the De Pere Community Center's lower level.

The public forum's goal is to obtain feedback on the design of these future aquatic facilities.

For anyone not able to attend this public forum, but still interested in offering feedback, there is also an online survey that residents are encouraged to fill out. Here is the link:

<https://www.surveymonkey.com/r/deperepoolinput>

Prior to moving forward with the design of those aquatic facilities, the Board of Park Commissioners would like to obtain input from residents regarding what they would like to see at the new facilities. The survey questions are intentionally open-ended questions for the purpose of obtaining fresh and new ideas from our community.

Surveys will be accepted until Jan. 14, 2019. The Board of Park Commissioners will be reviewing all the feedback from the survey prior to meeting with our design consultants.

The public will have the opportunity to see draft plans, and provide input/comments, prior the Board of Park Commissioners approving final designs for VFW and Legion Aquatic Facilities.

For questions regarding the survey, please call 920.339.4065.
